It was good to report that the CIO was making progress, Tony and Rebecca are meeting with Nick Skinnard on Monday 18th November.

Re-establishment of path rights to Antony Passage, very slow progress.

6. Secretary's report

A small amount of correspondence had taken place. Chairman had written to Nick Skinnard regarding finalising CIO. Thank you to Gloria Challen for acknowledging donation FCCA had provided for the Mayors Charity. 10. Neighbourhood Watch

There is a new time table for the Weekly Hopper Bus – this is displayed on the village notice board. From January 3rd onwards a new service will start to include a trip to Kernow Mill.

The Neighbourhood Watch ask residents to be vigilant as there have been reports of individuals in a white panel van scouting around looking for scrap metal.

Always make sure all your out houses and garages are locked, there has been a report of a burglary from a garage in our area.

11. Conservation

Nothing to report.

12. Environment

If you are approached or are looking for a carrier to remove debris or unwanted materials from your house always check that they hold a licence for disposing of commercial waste. It is an offence to fly tip and if waste can be traced back to a householder they can be prosecuted.

If you are aware of fly tipping taking place, tell the individual responsible that you will report them to the Environmental Agency.

13 Planning issues

The appeal against planning refusal at Crannog has been dismissed.

14. AOB

Roger Furiser gave out the news that Colin Squires has died, his passing will be mourned by many in Saltash. If you wish to pay your respects his funeral is on Wednesday 20th November at Weston Mill Crematorium.

Carole reported that the posters for the Carol Service are ready for distribution, they are waterproof so suitable for being displayed out of doors .

Marianne Beale felt that after the last coffee morning the hut needed a good clean, Marianne to co-ordinate cleaning members for Tuesday 19th November at 2p.m. David Salt to clean the steps of leaves for the time being, however the green slime that appears at this time of year needs dealing with. Warren Keith has offered to purchase cleaner from Mole Valley Farmers, this will lift the slime without using a pressure washing.

Rebecca Pearce is giving the last of her environmental talks, her theme is 'De-Carbonise Fast and Grow Slow' at Wesley Church Hall, 28th November 7.30start . All welcome.

On election days, John Beale has always opened and closed the hut. . John will do so on the 12th December

A Tree Surgeon has been approached regarding the trees on the edge of the creek, he is unable to undertake this project until January, meanwhile he will visit the creek to survey and report on what remedial works are necessary.

At the November meeting a new seating arrangement was trialled -, it was decided to continue with this format.

Meeting closed at 8.24p.m.
